

Dear 97G ODP Players & Parents,

With Matt Howe already in transition to his new job in Oklahoma, this has been a difficult organizational period at best.

I was extremely disappointed at the cancellation of the Hastings Mini-Camp in June, and have been trying to get alternate times arranged to substitute for those lost training sessions since then.

These pre-camp training sessions are critical to having the girls perform at their best at regional camp.

As you know, in every other month of the year, if there are any conflicts, I always defer to the club schedule.

This next 20 days, ODP must have priority over all club schedules.

If your coach has a conflict, please have them contact me directly at 402-891-0028.

I apologize for the late notice, but arranging these times and fields have been very difficult.

I am trying to squeeze in every session possible for your girls.

I appreciate your cooperation and support in getting this critical extra training for your daughters.

Dates: July 6th through 10th, Tuesday through Saturday and Monday July 12.

Time: 7:00pm to 8:30pm all sessions.

Six training sessions planned with the knowledge that we may lose one session to rain / lightning this time of year.

If Monday thru Friday goes well, and the weather looks clear, I may cancel either the Saturday or Monday session.

Check state website for weather cancellation info after 5:00pm each day.

Who: All 97G players on the ODP Regional Camp Travel Roster required attendance.

Non-travel roster pool players are invited to participate.

This is optional extra training for non-travel roster players.

Where: Gretna SC Fields - 1/2 mile north of Hwy 370 & US Hwy 6 intersection.

This is the best compromise of distance for both Omaha and Lincoln players.

I would like to thank Digger Hawkins & Gretna SC for the use of their fields for these sessions.

Please review the email addresses above, if you know these people check that I have the most current email for that family.

I did not have an email for Anna Carnazzo or Skylar Evans; please forward this email if you have their email address.

PLEASE respond that you have received this email.

Joe Rauth

Nebraska 97G Head Coach

PS I also hope every ODP player is attending the US National Womens Team vs Sweden National Team game, the evening of Tuesday July 13th at Creighton University.

PPS We leave early Thursday morning for camp, so rest is important on Tuesday and Wednesday.
